

Technical Data Sheet

Professional Strength Formula **CARB CLEAN[®] International** **Fast Gum Cutter[®]** Stock No. C1INTL

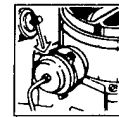

A dirty carburetor can rob an engine of power and performance by causing rough idling, hesitation, stalling and poor gas mileage. Also, a stuck automatic choke can cause hard starting in winter. Use Cyclo fuel additive cleaners to clean internal parts. The original **CYCLO CARB CLEAN[®] Fast Gum Cutter[®]** is a unique blend of high-performance cleaning solvents that:

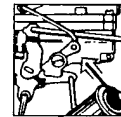

- Quickly and easily dissolves gum, varnish, dirt and carbon deposits on the outside of the carburetor, carburetor linkage and the inside of the carburetor throat without disassembly.
- Removes deposits, which interfere with the free movement of the linkages, automatic choke, vacuum piston and PCV valves.
- Washes away rust and corrosion on manifold heat risers.
- Cleans fuel injector throttle plates.
- Cleans to restore power & fuel economy.
- Also great metal cleaner.

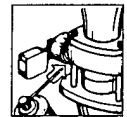

1 & 2 AUTOMATIC
CHOKE

3 VACUUM

5 MANIFOLD
HEAT RISER

WILL NOT HARM CATALYTIC CONVERTERS · SAFE FOR OXYGEN SENSORS
CYCLO DOES NOT USE OZONE DEPLETING CFC PROPELLANTS!

PHYSICAL PROPERTIES

Size:	12.5 oz/354.4g
Flash Point:	-9°F (-23°C)
Specific Gravity:	Not Determined
Appearance:	Clear, colorless aerosol product with solvent odor.
Solubility in Water:	Not Determined
Cases per pallet:	144
Cases per layer:	18
Layers per pallet:	8
Cube:	.4058
Case Weight:	12.7 Lbs
UPC Can:	0 89269 70001 9
UPC Carton:	1 00 89269 70001 9
