Tanner's Preserve® Leather Cleaner

Stock No. 65864

Safe & Easy to Use on Leather
Cleans Deep into the Grain to Remove Stubborn Dirt

Tanner's Preserve® Leather Cleaner is safe for all finished leather, including car interiors, furniture, clothing and accessories. It is made without harsh chemicals or ingredients that could harm the leather finish. After cleaning, we recommend conditioning the surface with Tanner's Preserve Leather Conditioning Cream.

Directions: 1. Shake well. 2. Apply cleaner to a soft white cloth and rub onto leather gently in a circular motion. 3. Work into a low lather, then wipe dry with a clean cloth. For best results, clean high-wear areas every 4-6 weeks. **CAUTION:** As with all cleaners, test on a small area before use. Do not use on suede or buckskin.

PHYSICAL PROPERTIES

Size:	7.5 oz (221 mL)	Cases per pallet	384
Package:	Plastic Bottle	Cases per layer	64
Boiling Point:	>212°F (>100°C)	Layers per pallet	6
Flash Point:	>230°F (>109.9°C)	Cube	0.14
Specific Gravity (H ₂ O=1):	1.002	Case Weight	3.7
Appearance:	Amber Liquid	UPC on bottle:	0 89269 65864 1
Solubility in Water:	100%	UPC on Carton:	1 00 89269 65864 8
