

Professional
GLASS CLEAN™
 Stock No. C-31

Cyclo's Glass Clean™ streakproof formula cuts through grease, road grime and windshield nicotine smoke film. The no run streakproof foam aerosol is easy to use because it stays in place for more thorough cleaning! Pleasantly scented—contains no ammonia or other potentially harmful ingredients.

Mirror manufacturers now recommend against the use of glass cleaners with ammonia because it takes the reflective surface off the back of the mirror. Also, ammonia can take the color out of some window tinting films.

Cyclo has been formulated **SAFE FOR WINDOW TINT FILMS AND MIRRORS.**

AUTO • BOAT • TRUCK • INDUSTRIAL • HOME

CUTS TOUGH DIRT ON:

- Windshields
- Chrome
- Porcelain
- Glass and Plastic Windows
- Stainless Steel
- Plastic & Vinyl
- Mirrors
- Tile
- Dashboards
